## ACAP-MSSNY UNITY CAMPAIGN

### SPECIAL 2010 MSSNY MEMBERSHIP INCENTIVES FOR MEMBERS OF THE ASSOCIATION OF CHINESE AMERICAN PHYSICIANS:

- ACAP physicians who are nonmembers and former members of MSSNY can join MSSNY and their county medical societies in the regular membership category for 2010 for the cost of MSSNY membership alone (\$460). MSSNY will pay the county medical society dues on behalf of the applicant.
- For 2011 the county and state dues total will increase to \$600 for ACAP physicians in their second year of county medical society and MSSNY membership.
- The above pricing will apply to established physicians. Young physicians or those in their first two years of practice out of residency training are eligible for even lower rates. See the reverse of this page for details.
- Current members of ACAP who recruit new or former members can claim a refund equaling 25% of their own 2010 county and state society dues for every member they recruit in the regular membership category, up to a maximum refund of 100%. They can also earn a 25% dues discount by recruiting two young physician or beginning practitioner members at the regularly discounted rate for these categories.
- See how ACAP rates compare with regular dues on the reverse.
